

Where Intelligence Meets Elegance

Imagine a home that anticipates your needs, adapts to your lifestyle, and elevates your everyday experience.

Smart living is no longer a futuristic dream—it's the new benchmark of luxury.

Smart Living, Expertly Tailored

At Ruby, we don't just install devices—we curate intelligent environments. From concept to completion, we design and implement smart home systems that enhance comfort, security, and efficiency.

Whether you're building anew, renovating a cherished space, or upgrading for modern convenience, our solutions are crafted to suit your lifestyle, aesthetics, and aspirations.

COMFORT

Effortless Comfort, Personalized to You

Forget about switches and remotes. Ruby puts your environment at your command—with elegance and ease.

- Fine-tune lighting, climate, and audio via smartphone or voice assistant.
- Create custom living “scenes” like Movie Night, Dinner Time, or Morning Wake-Up.
- Automate daily routines so your home adjusts without a single touch.

“True luxury is comfort that happens without asking.”

SMART AUDIO

Sound That Surrounds You

Immerse yourself in a world of rich, high-fidelity audio with Ruby's smart sound solutions.

- Play music, radio, or podcasts using simple voice commands.
- Enjoy synchronized sound across your entire home—or personalize each room.
- Seamlessly integrate with platforms like Spotify, Apple Music, and Tidal.
- Craft the perfect ambiance with audio scenes: Party Mode, Relax & Unwind, or Power Workout.

"Every space deserves a soundtrack."

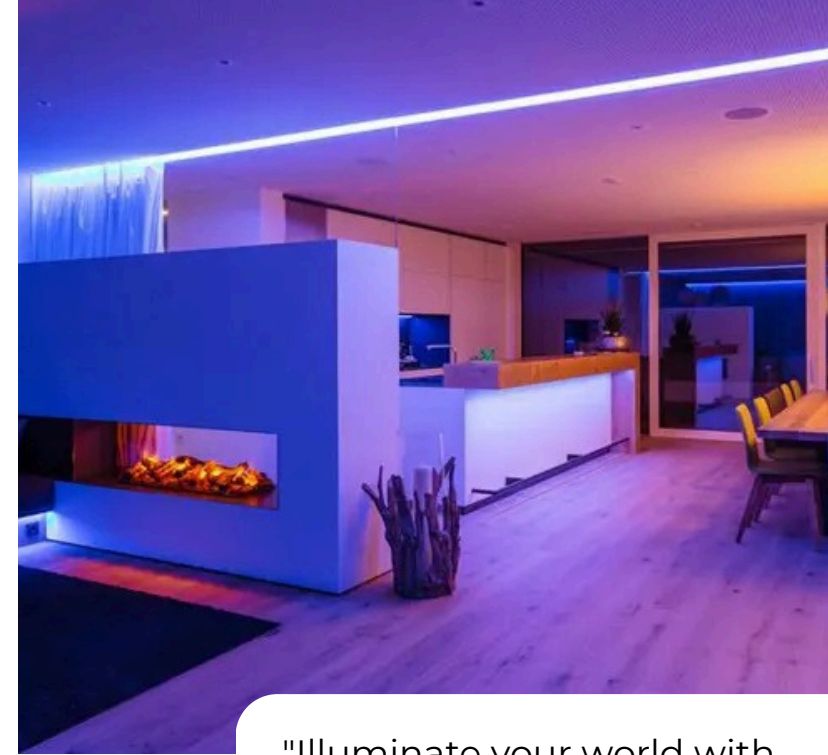

SMART LIGHTING

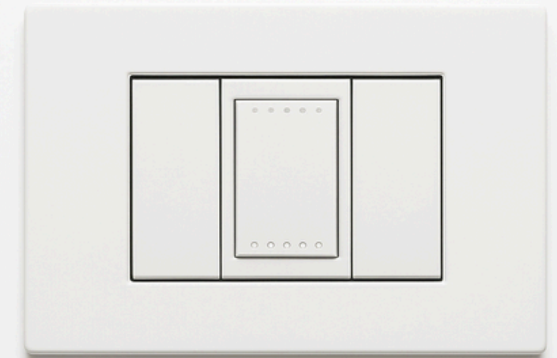

Lighting That Responds to You

Our smart lighting systems do more than illuminate—they elevate mood, enhance security, and improve energy efficiency.

- Set lighting to match your day—from gentle sunrise wake-ups to romantic evening glows
- Automate indoor and outdoor lighting for convenience and presence simulation
- Control brightness, color temperature, and ambiance from anywhere
- Pair lighting with scenes, music, or security triggers for an immersive experience

"Illuminate your world with intention and beauty."

SMART SECURITY

Confidence, Built-In

Enjoy peace of mind knowing your home is always protected—whether you're across town or across the globe.

- Smart locks, motion sensors, and HD video doorbells
- Instant mobile alerts for unexpected activity
- 24/7 remote monitoring and control via smartphone

"You're always home—even when you're not."
